## Section 2 - Purpose

- (2) This Policy establishes the principles and framework for the administration of scholarships at Deakin-Lancaster Indonesia (DLI), ensuring transparency, equity and compliance.

## Section 3 - Scope

- (3) This Policy applies to all scholarships offered by DLI to prospective and current students.
- (4) During the establishment of DLI, all policy, procedures and supporting processes will be regularly reviewed. In the establishment phase, defined as the first two years from when students commence DLI programs, any issues arising from the implementation of current policy, procedure or process will be referred to a jointly-convened Policy & Procedure Review Panel (PPRP). The PPRP will comprise designated academic and professional service representatives from the University Partners and the Office of the Rector. The PPRP will recommend an outcome best aligned with relevant principles and the best interests of any student(s) concerned, and will advise DLI on the future development of policy, procedure and supporting processes. During the establishment phase, the PPRP may make recommendations to vary any given policy only with endorsement from relevant University Partner governance processes. All policy and procedure will be subject to a full review at the end of the two-year establishment phase.
